Volunteer Program

We are very proud to have many wonderful volunteers and we're always looking for more people who are interested in learning about the environment in South Florida. Become involved with a community of like-minded individuals who are interested in our programs and the 135 acre wildlife sanctuary we have here at Pine Jog. You'll find it rewarding- whether it's getting involved in one of our many public programs, working on trail maintenance or greeting guests in our new green facility. We know you will find joining our family to be a memorable experience and we look forward to working with you!
