In the event an injury or illness occurs, the Afterschool Program will notify you either by phone or by incident/accident report based upon the injury or illness.

It is imperative that you keep all emergency phone numbers and addresses up-to-date with the Program.

FLU SEASON

Children should be vaccinated every flu season for the best protection against flu. For children the first dose should be given as early in the season as possible. Children should be vaccinated by the end of October. However, being vaccinated later can still be protective, as long as flu viruses are circulating. While seasonal influenza outbreaks can happen as early as October, in most seasons influenza activity peaks between December and February. Since it takes about two weeks after vaccination for antibodies to develop in the body that protect against influenza virus infection, it is best that people get vaccinated so they are protected before influenza begins spreading in their community.

IMMUNIZATIONS

Your child's immunization record must be submitted at the time of registration. A copy of the exemption from Immunizations for Reason of Conscience must be submitted along with Afterschool registration forms.

MEDICATIONS

Under Florida law, schools may only give medication that is prescribed by a physician with an authorized form signed by the physician and the parent. Medication must be in its original container with the pharmacy label and the student's name, medication name, current dose and frequency.

STUDENT CONDUCT AND DISCIPLINE

In order to provide a fun-learning environment for each child in the Afterschool Program, a code of conduct has been implemented. Please make sure that you take a few minutes to go over this code of conduct with your child (ren).
